Dear Dick:

Thank you for your letter of 20 February and the enclosed six (6) certificates. Those of [] are in order and herewith returned to you for your retention until we send you orders for them which will be used in applying for passports.

The certificate of baptism on [] is also in order and can be used as a legitimate document in application for a passport.

The certificate of naturalization on [] is in perfect order; and I believe he will find that it is not necessary to submit a birth certificate, as foreign birth certificates are not acceptable to the State Department. He will, however, need his certificate of naturalization on applying for his passport.

In the case of [] on applying for a passport, the question that will arise will be: were his parents naturalized (I note that they were born in Russia), and are they residing in the U.S? He should have full facts on these questions when applying for his passport.

Note is made that [] has previously held a passport.

As noted above, and on all these individuals, instructions will be sent to you very soon indicating the procedure for applying for a passport, in addition to the orders needed for this purpose.

I note that you have only given us the names of seven individuals. It was our understanding that you would be sending eight and would have an additional individual on a stand-by basis who would be fully documented and fully inoculated. If this is correct, I will look forward to hearing from you at your earliest convenience as to their names and receipt of birth certificates.

TONY
